WISCONSIN FROG AND TOAD SURVEY (WFTS) Field Data Sheet	Observer name(s):	Run 1:	Jane Smith	Route Number:	134	
IMPORTANT Please return at the end of the season to:				Year:	2006	
Bureau of Natural Heritage Conservation		Run 2:	Jane Smith	County(s):	Dane	
Wisconsin Department of Natural Resources			Joe Smith			
P.O. Box 7921	I V II II	Run 3:	Jane Smith			

Instructions: Use this voluntary form to record data at each of the 10 listening points along a WFTS route. Surveys are repeated 3 times during the breeding season according to the minimum water temperatures and ranges of dates given below for each survey run. Conduct surveys after dark when wind speed is less than 12 mph. Listen for 5 minutes at each site and record a call index value* of 1, 2, or 3 for each species calling. See back of data sheet to obtain wind and sky codes and record additional comments. Return data sheet to above address by August 15th.

^{*} The call index is a rough estimate of the number of calling males of a particular species, according to the following index values:

Madison, Wisconsin 53707-7921

Form 1700-008 Revised April 2022

^{1 =} Individuals can be counted; there is space between calls (no overlapping of calls).

^{2 =} Calls of individuals can be distinguished but there is some overlapping of calls.

^{3 =} Full chorus. Calls are constant, continuous, and overlapping; individual calls cannot be distinguished.

^{**}Round-trip mileage (mi) and survey time (hr/min) for all active participants helps track volunteer contributions for the WFTS.
